

NANO-fluid NF 1207

NANO-Fluid Car Paint

- Brilliant surfaces with Lotus effect
- Long-term protection
- Easy cleaning
- Colourless/optically neutral
- Hygienic cleanliness
- Environment friendly

NF1206 Carglass special is a product of the NANO-Technology, which on glass surfaces shows a very good, long sustained behaviour to drip off aqueous liquids. Also dirt, ice and insects do not cling. For the cleaning is only necessary water without aggressive cleaning agents. The fluid increases your security. Please use no cleaning agents as additive in the windshield wiper system.

Areas of application:

Cars, trucks and boats.

Application:

Clean the surface with universal cleaner (1301) thoroughly, rinse with much water and dry.

1. shake the bottle well before using
2. spread or rub in (stripes-free) evenly the dry surface with the fluid
3. let the fluid approx. 30 minutes act upon
4. furbish the surface with polishing cloth
5. NANO-effect place themselves after approx. 60 minutes

Do not use under 5°C or direct sun exposure!
